The Best Employee of the Year

About Me

I am Mohamed Ayman Hassan Abdallah a front-end developer. I have been working for two years as front-end developer. I am junior in this field but I love coding and I will be a great software engineer in the future so I believe in mine to do it, if I dream it I will do it.

WORK EXPERIENCE

I have been working for two years as a software engineer. I built a lot of websites with HTML, CSS, JavaScript. I work as freelancer not in a company.
